NF 113 DI

Digital audio cable - RCA

Excellently made preassembled digital-electrical audio cinch cable with signal alignment for cabling hi-fi and home-cinema systems. The constant impedance of 75 ohm and the particularly high-quality inner conductor made from oxygen-free copper (OFC) mean that the particularly stable and true-to-life transmission of signals can be achieved with this Oehlbach cable. A 24-carat gold-plated cinch plug guarantees perfectly reliable contact and pleasant handling. The robust and flexible outer sheath makes this cable fit for all purposes while simultaneously guaranteeing long life spans.
