

QUALITY ★★☆☆☆

BOOOM!

Subwoofer Y-RCA phono cable

Preassembled Y-subwoofer cable for connecting active subwoofers to home-cinema systems! Just the thing for connecting active subwoofers (stereo input) to AV receivers (mono output). The inner conductor's large diameter and the coaxial design mean that this Oehlbach cable is particularly suitable for the transmission of low frequencies. The inner conductor made from oxygen-free OFC copper also guarantees absolutely precise and powerful bass reproduction. The effective copper-braid shielding eliminates any occurring signal interference and guarantees perfect transmission quality.

Features

- ✓ 24- carat gold-plated contacts
- ✓ OFC – oxygene free copper
- ✓ Solid metal housing

Technical Data

Inner conductor material	OFC – oxygene free copper
Cable geometry	Round
Shielding material	1 x copper braid

OFC
Oxygene free copper

24 ct
