

Dynavoice Challenger C-5XL

A bigger centre speaker.

The centre channel in a home theatre system is the most important component. It reproduces a majority of the dialogue and a crisp, powerful and clear performance heightens the full experience. Paired together with either the M-65 or the M-105 the Challenger C-5XL is the perfect surround sound partner.

C-5XL

Type	3-way bass reflex centre speaker
Woofers	2x 5.25" Pressed paper cone
Midrange	2x 5.25" Pressed paper cone

Dimensions (HxWxD) mm	165 x 750 x 250
Weight kg (each)	15
Finish	Available in Black, Oak, White
Quantity	Sold in pc

The reliable choice – The Challenger series has a long tradition and has since the beginning been praised for its unprecedented price/performance ratio - a big, detailed and powerful sound at affordable prices.

Custom woofers – The C5-XL has two midrange drivers and two woofers. All drivers have ferrite magnets and coated paper cones, but the special surround and dust cap on the woofers give them twice the excursion length. This gives an extra dynamic performance and a heightened movie experience.

Sturdy and well built – A well-built cabinet is key to keep vibrations and unwanted noise to a minimum. The C-5XL has screws on the back (VESA 100) if you wish to hang it on the wall and the logo on the grille can be moved if the speaker is placed horizontally or vertically.
