

# Dynavoice Magic F-7

The third generation Magic F-7 is extremely popular and despite being the entry level floor standing Dynavoice model the performance is excellent and way above its price segment. The sturdy cabinet houses dual 6.5" woofers and a 5.25" midrange driver, with a soft dome tweeter as a crown and three bass reflex ports on the back. Among the many reviews of the F-7 the price/performance ratio is always highlighted, but also the low frequency performance and the ability to produce a wide stage sound image.
